

## FOR IMMEDIATE RELEASE

**Storage Mobility Announces Opening of Second Facility in Riverside, CA, Area**  
December 2005

TAMPA, Florida – Storage Mobility, LLC (“Storage Mobility” or the “Company”), the largest franchisee of *Portable on Demand Storage*, or *PODS*, reported that the Company opened a second facility in the Riverside, California, area.

David Schmeltz, CEO and President of Storage Mobility, said, “We are pleased to announce that in November, Storage Mobility opened a facility in Redlands, California. This is our second facility in the Riverside, California, area and marks a milestone for our Company as Riverside is the first location to expand its operations to a second warehouse. The decision to open this second warehouse inside our Riverside territory was based on the great success of the first warehouse, the growing demand in this community for our product, and on the fact that the Riverside warehouse was filled to capacity.” Schmeltz further stated that “The opening of a second warehouse within the first year of the introduction of the PODS product to this community is representative of the tremendous growth opportunities in this market and elsewhere. There is a clear demand for our product and services and we intend to meet that need.”

### **About Storage Mobility**

Storage Mobility is the largest franchisee of *Portable on Demand Storage*, or *PODS*. Founded in 1998, PODS is rapidly becoming a leading provider of mobile mini-storage and moving for both residential and commercial customers. PODS revolutionized the moving and storage industry by developing a proprietary hydraulic lift system that enables it to deliver a storage container to a customer on a flatbed truck, detach the container from the truck and then gently, and vertically, lower it to the ground. By detaching the storage container from the truck, PODS enables its customers to save time, money and hassle.
